Chapter A00
Library Identification

Contents

1 Scope of the Chapter **2**

2 Recommendations on Choice and Use of Available Routines **2**

1 Scope of the Chapter

The single routine in this chapter enables a user to determine the precise release and maintenance level of the NAG Parallel Library which is being used, and also details of the implementation.

2 Recommendations on Choice and Use of Available Routines

Routine A00AAFP can be used to output details of the Library implementation and release.
